

FUELER 100

1 + 1/2 " Automatic Nozzle

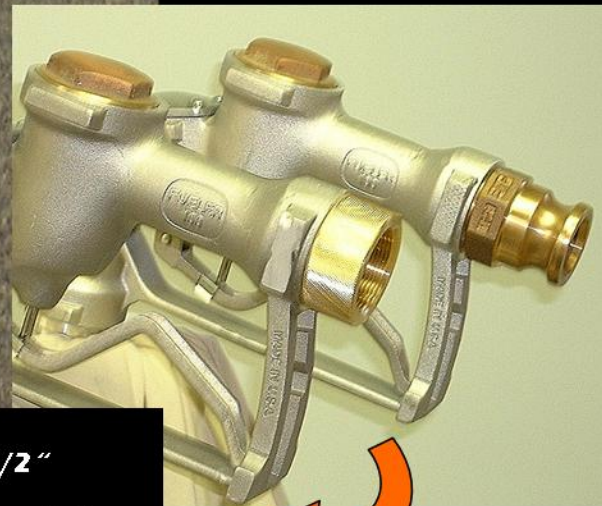

WITH "BUILT-IN" SWIVEL

New

ADVANTAGES:

1. "Built-in" swivel gives one less threaded connection.
2. Eliminates the possibility of galling an aluminum Camlock fitting in the nozzle.
3. Eliminates stripping the nozzle inlet threads.
4. More compact and less weight
5. Do not need to buy a separate swivel.
