

SB4020

SB4040

Use these deluxe switch boxes to control your Star lightbars or any other functions of your choice. The SB4020 Series features all illuminated switches when in use and the legends are backlit for easy nighttime readability. There is one 40 amp circuit, protected by a relay and self-resetting circuit breaker, and five 20 amp circuits which are individually protected by fuses. The SB4040 Series features a 3-mode progressive, 40 amp (max) switch, and four 20 amp illuminated switches for a total of 7 fuse protected functions. The 3-mode progressive switch offers a customer selectable internal jumper to disable position 1 from positions 2 & 3. The SB4040 and SB4020 series are also available with an attached 15' wire harness. Ships complete with labels, mounting bracket, hardware, and instructions.

Models & Specifications:

SB4020: (1) 40 amp switch, (5) 20 amp switches, 2' wire harness

SB4020-15: (1) 40 amp switch, (5) 20 amp switches, 15' wire harness

SB4040: (4) 20 amp switches, (1) 3-mode 40 amp (max) progressive slide switch, 2' wire harness
